

JUST THE STATS

Life... is all about the numbers.

Instagram followers. Goals scored. Miles hiked. TikTok shares.

Numbers also matter when we talk about life within the womb.

Here are some memorable numbers

in the lives of unborn children:

3
WEEKS

THE TINY HEART TUBE WILL START TO BEAT!

SKELETON IS COMPLETE AND BRAIN WAVES DEVELOP

6
WEEKS

9
WEEKS

BABY OPENS AND CLOSES FISTS AND CAN EVEN SWALLOW FLUIDS

OUCH!

NERVOUS SYSTEM IS DEVELOPED AND BABY CAN FEEL PAIN

12
WEEKS

14
WEEKS

FINE HAIR BEGINS TO GROW AND FACIAL EXPRESSIONS CAN BE SEEN

LIMB MOVEMENTS ARE COORDINATED. MOMMY CAN SOMETIMES SENSE BABY KICKING!

16
WEEKS

18
WEEKS

BABY CAN HEAR SOUNDS AND MAY OPEN EYES FOR THE FIRST TIME

SMILE, FROWN, YAWN, SLEEP - BABY DOES ALL THIS AND MORE

20
WEEKS

912,360

**UNBORN BABIES KILLED BY
ABORTIONS IN THE US IN 2023**

65,464,760

**TOTAL ABORTIONS IN THE US
SINCE 1973**

Now that you know the numbers, here are some things YOU can do to end abortion:

1

Check out TeenBreaks.com!

Learn about relationships, pregnancy, abortion, and Planned Parenthood. Teens can also enter our pro-life essay and speech contests at www.paprolife.org

2

Get active in the pro-life movement

Join a pro-life club at school or church, or attend a meeting of your local chapter of the Pennsylvania Pro-Life Federation

3

Set a trend

Wear a pro-life shirt, display the pro-life flag, or put a pro-life message on your car

4

Volunteer

Find a pregnancy resource center in your community and help out! Join prayer vigils outside abortion centers.
